SKEET-SHOOTING'S THEIR HOBBY

Mr. and Mrs. John A. Lafore, Jr., Haverford, who are in Syracuse, N. Y., this week, where Mrs. Lafore is defending her title as national women's skeet-shooting champion. Mr. Lafore is president of the National Skeet-Shooting Association.

Peg Lafore Took Up Hubby's Hobby Now She's National Skeet Champion

Blonde, blue-eyed Peg Lafore is in Syracuse, N. Y., this week defending her title as Women's National Skeet Champion, which she won at Indianapolis last year.

The smiling young sportswoman, the former Margaret Read, was started on her skeet-shooting career by her husband, John A. Lafore, Jr., who entered her in her first tournament—at Sea Island, Ga.—in 1939, when she had been shooting only a week.

Despite her nervousness, Mrs. Lafore won second place in Class B. That started her on the road to winning all the titles possible in women's skeet-shooting competition. Before winning the national championship last year, she had been four times a Pennsylvania State Champion.

Jack and Peggy Lafore live in a gracious home on Rose Lane, Haverford. Not all the trophies—silver bowls, plates and colorful brassards—which line their library walls were won by Mrs. Lafore.

Trap and skeet shooting have been her husband's favorite hobbies for years. He has won first in the Pennsylvania State Championship Two-Man Team. At present, he manages to squeeze the job of president of the National Skeet Shooting Association into his busy life as president of the Central City Chevrolet Company, in Philadelphia, and Republican candidate for Montgomery County Controller in this Fall's elections. He is also chairman of the Gun Club of Philadelphia Country Club.

Watching Was Too Tame

It was her husband's interest in the sport that first attracted Mrs. Lafore to shooting. She found that sitting on the sidelines and watching him shoot 100 straight with his Winchester repeater was much too tame. So she decided to try her luck—never expecting that she would become a national champion. For a year she shot trap and then took up skeet shooting—a newer game that both Lafores prefer.

Constant practice on clay targets keeps Mr. and Mrs. Lafore busy the year around, for skeet shooting is a full-time hobby. In the Summer, Mrs. Lafore shoots anywhere from 300 to 500 birds a week to keep in

Parking Space at Premium With Sign Erection

Council Facilitates Flow of Traffic Trough Town

Parking space in Narberth will soon be at a premium in spite of a new parking lot on Haverford Ave.

Erection of "no-parking" signs along the west side of Narberth Ave., was completed this week, almost three months after authorization by the Borough Council.

Despite repeated appeals by Narberth merchants, members of the Council authorized the signs as "a means of facilitating the flow of traffic through the town."

The appeals made to Council by members of the Narberth Business Council were based on the fact that there were not enough off-street parking lots in the Borough to handle the additional cars which would be forced off the streets.

The merchants also made several attempts to draw up petitions in an effort to block further action by Council in erecting such signs in the business section.

In reply to the appeals, officials of Council pointed out that a new parking lot had been opened on Haverford Ave., almost two blocks from the center of town, and stated that funds were not available for any additional lots.

The signs were erected on Narberth Ave., in the block bounded by Haverford and Windsor Aves. Erection of the signs marks the second street in Narberth, within a year, to be so restricted. Council authorized the erection of no-parking signs on the east side of Essex Ave., almost one year ago.

Borough police were busy all day Monday and Tuesday putting warning tickets on cars parked on the west side of Narberth Ave. Warning tags will be given for the next 10 days, Borough officials stated, to cars parked illegally between the hours of 7 A. M. and 6 P. M.

Five Roses Admit 9 New Robberies

Also Took 16 Pocketbooks At Wedding Ceremonies In St. Colman's

The "Five Roses," teen-aged gang who last week admitted to fifteen burglaries in Lower Merion and Haverford Townships, were linked to nine more robberies this week.

The boys, all of them 15 years old and four with previous records, were picked up last week by Atlantic City police. Under questioning, they admitted to three burglaries in Ardmore, and were returned to the custody of Lower Merion detectives. They will be given a hearing today in Montgomery Juvenile Court at Norristown.

The "Five Roses," according to Detective James Smyth, wore gloves on all their "jobs" and often raided the iceboxes in the houses they robbed. They even fed their mascot, a small dog.

Charges Mensch Is GOP Stooge

Campaign Broadside Delivered by Bryn Mawr Candidate

Raymond K. Mensch, Montgomery County minority Democratic commissioner, was called a "stooge" this week by Charles J. Hepburn, Jr., Bryn Mawr, who is seeking to displace Mensch at the Democratic primary September 9.

There are no contests among the Montgomery County Republicans for the primary and the only one the Democrats have is that of nominating two commissioner candidates.

Hepburn's teammate is J. Phil Doud, Norristown, and they are opposing Mensch and his runningmate, Owen Keenan, of Cheltenham Township.

"I am convinced," Hepburn said "that a majority of the leaders are thoroughly disgusted with the way Mensch has let the party down. Instead of the aggressive leadership which is needed now more than ever to insure the survival of the Democratic Party in Montgomery County, we have instead a man who is content to let it deteriorate. Apparently he is satisfied to follow the path of least resistance and act as a 'stooge' for the two Republican members of the Commission.

"It's unfair to the people of this County," Hepburn continued, "to deprive them of active minority representation to which they are entitled. It defeats the very purpose of the law which provides that a member of the minority party must be elected to prevent any abuses by an entrenched majority."

Narberth Library Circulation Reaches 26,000 Resident Contributed $1050 to Upkeep This Year

By SUZANNE Y. WINGATE

Narberth residents want their library to continue to be the finest they can make it. They have contributed $1050 toward its support in response to a plea issued by officials of the Library Board.

Contributions have been coming into the library since the latter part of May, some of them from residents who have never used the library.

Officials of the library sent out almost 2000 letters asking for additional funds when the higher cost of book maintenance coupled with salary raises exceeded appropriations from the Narberth Borough Council and School Board. One hundred and seventy-five envelopes were returned, most of them containing one, two or five-dollar donations.

Appropriations from the two official governing boards of the Borough amount to $2800 per year, $2500 from Council and $300 from the School Board. The amount was not sufficient to meet a 30 percent increase in the cost of keeping books in condition, meeting a higher payroll and purchasing new books.

The lack of funds forced the curtailment of all purchasing of new children's books for the time being. New adult books are put on the shelves for a small rental fee for a short length of time and so pay for themselves. There is no charge for any child's book.

The only source of outside funds that the library has access to is the yearly charge of $2 for any adult living outside the Borough, and $1 for any student over 14 years of age. Any resident of Narberth automatically becomes a member of the Library without charge.

With a total circulation of 26,000 last year, the Narberth Library boasts a monthly circulation of between 2000 and 2500 so far this year. There are 2000 registered borrowers listed on the Library files.

Three librarians, Miss A. Elizabeth Tatman, Mrs. C. G. Schwartz, and Miss Isabell O'Sullivan, are custodians of the estimated 13,500 books housed in the library.

These three librarians also act as directors of the "Travel Club," or-

Hunter Show at Bryn Mawr Next Month

Tanbark Classic Will Be Staged at Old Polo Field

Pennsylvania's oldest horse show, the Bryn Mawr Hunter Show, will be staged September 25, 26 and 27, at the Bryn Mawr Polo Field, William Coxe Wright, president of the recently reorganized Bryn Mawr Horse Show Association, announced this week. The polo field is now being used as a joint playground by Haverford and Lower Merion Townships.

The classic companion feature of the Bryn Mawr Show, adding to the aura of tradition and color which surround it, is the Bryn Mawr Hound Show, held annually on the opening day. With Walter C. Jeffords as its president, the hound event will begin at 9 A. M. on September 25.

Supplying diversion and refreshments at the hunter show is the Community Carnival, headed this year by Mrs. J. E. Caldwell.

Many of the famed Bryn Mawr trophies will come up for competition this year, perhaps for the last time. Other new trophies are to be added, and the prize fund exceeds that of other years, Wright said.

'Dear Ruth' Pleases First Nighters at Berwyn Theatre

Those who wish to compare the living drama with the cinematic version have a chance to do so this week, with "Dear Ruth," Norman Krasna's light comedy, playing on the boards at the Berwyn Theatre and on the screen of a Philadelphia movie house.

The Main Line Civic Light Opera Company's presentation pleased the opening night audience, which found the play amusing and well acted.

Chief laurels go to Ginny Brown, "Miss Greater Philadelphia of 1946," who plays the part of Miriam Wilkins, a boby-soxer, whose letters to service men, to which she signed her sister's name, caused all the fun. Betty Luster plays the older sister and Herbert Duffy does well in the comedy part of Judge Harry Wilkins. Other members of the competent cast are Lillie Short, Claire Louise Evans, Harry K. Smith, William Valentine, Ruth Carroll, Gordon Lacy and Ted Breining.

Somerset Maugham's familiar melodrama, "Rain," will open Monday night for one week. The company expects to resume its light opera presentations in September.

IF YOU *Demand* SILENCE in an Oil Burner *Your choice will be the* HAYWARD VERTICAL ROTARY

In addition to its economy of operation, the Hayward Oil Burner is notably quiet. Fuel oil, when burned rapidly in a small part of the combustion chamber within a furnace, will produce noise and vibration. The same fuel burned slowly with the flame filling the entire combustion chamber, burns silently. —This is the Hayward way. It's different and it's better.

CHOOSING A CAREER:

Refrigeration and Air Conditioning

By J. C. VAN HORN
President, Philadelphia Wireless Institute

Refrigeration and Air Conditioning is one of the most popular fields of interest for young men of mechanical inclination. Installation of cooling and freezing equipment offers a great opportunity for the man who is prepared to take advantage of this growth, especially in the frozen foods lines, be it in the home or store. In the store the knowledge of drafting and blue print reading is essential for proper estimating and installation. Calculations of heat losses on new installations are a necessary part of the training to become a competent installation or service mechanic.

Most young men like to be sure their training is adequate to take care of their present needs and also to enable them to secure promotion in this chosen field when the opportunity presents itself. Air Conditioning is the application of refrigeration to the circulation of air which has been conditioned for human comfort by cooling and dehumidifying the air in summer and in winter by heating the air and adding proper humidification.

Doubtless many people today do not realize the many applications of refrigeration and air conditioning, but if they would just look around, even in the new food stores and observe the food cases, meat cases, milk, cheese and ice cream cases, also frozen foods and the storage of meats, they would see that every food market has a tremendous amount of refrigeration equipment. Naturally this means an opportunity in installation and later requires a certain amount of servicing to keep it running. It is very vital that this type of refrigeration operate continually and well, since the cost of food involved is considerable.

Electricity provides a high percentage of the problems encountered in the field. To successfully install or service refrigeration or A. C. equipment a thorough grounding in theory and practice of electricity is essential.

Of course, refrigeration men have to have the "know how" and should not be afraid to get their hands dirty. It is an opportunity for the mechanically minded young man and promises a profitable future.

Bala WAC Wins Court Fight for Shore Property

On Atlantic City Pier Must Pay Back Taxes By December 31

Mrs. Miriam Richman Levin, of Bala, won the right to redeem her holdings in the Garden Pier, Atlantic City, by a court order last week.

Signed by Vice Chancellor Vincent S. Haneman in New Jersey Chancery Court, the order gives Mrs. Levin until December 31 to pay tax delinquencies, interests, costs and other expenses due the city.

Mrs. Levin, who lives at 179 Stoneway Lane, Bala, was a member of the WAC in 1943, when the city brought proceedings against the property, as holder of approximately $150,000 in taxes. Though part owner, the Bala woman contended, she was not notified of the proceedings, and did not have an opportunity to protect her interests.

The pier is 700 feet long, with a frontage of 175 feet on the boardwalk, and is valued at $1,500,000. It contains a large theatre, a dance hall, stores and a fishing deck at the ocean end.

Following issuance of the court order, it was disclosed that the city retains riparian rights, which give it ownership of the fishing deck and the waters thereabouts. The pier owners, it was pointed out, must provide access from the shore to the fishing deck.

ESHERICK DESIGNS SET FOR HEDGEROW SHOW

"The Great Big Doorstep" Hedgerow Theater's next opening and its 158th production, had the Rose Valley Playhouse's technical staff working overtime. The single set calls for a ramshackle house that swaps in the breeze and responds to the slightest touch without collapsing. From designs created by Wharton Esherick, Philadelphia sculptor and painter, the Hedgerow set shop turned out one of the most responsive pieces of architecture ever to appear on the Hedgerow stage. "The Great Big Doorstep" is scheduled to open on Wednesday, August 13.

Lehigh Receives $10,000 Bequest

Father Flanagan's Home Also Remembered in Mrs. Parkhurst's Will

Mrs. Mary Tudor Parkhurst, former resident of Bala-Cynwyd, who died July 25, bequeathed $10,000 to Lehigh University for the establishment of a fellowship. Her will was filed for probate in Norristown this week.

Mrs. Parkhurst, who lived at 136 Derwen Rd., left an estate valued at $75,000 and upwards.

The fellowship, which is to be permanent, is to be known as the Charles W. Parkhurst Research Fellowship in honor of Mr. Parkhurst's husband. The residue of the estate, after bequests to friends and relatives, was left in equal shares to the Grenfell Association, New York; Berea College, Berea, Ky., and Father Flanagan's Boys Home, Nebraska.

From the remainder of her will which for the most part was divided among relatives, John Polk and Mrs. Anna G. Polk, housekeeper, $1000.

Early Railroads Used No Tickets

The early American railroads did not use tickets but pursued the method used in England, known as "booking" passengers. Under this system the traveller paid his money at the railway station, and his name was thereupon written in a book kept by the station agent for that purpose.

The Reading Railroad is the possessor of such a volume, used at Phoenixville, Pa, from the summer of 1838 until 1840 The first booking recorded was under the date July 17, 1838, and for about a year the names of various persons embarking at that place were duly set down But after a time the exactitude of the clerk suffered a serious lapse, and he no longer identified the patrons of the road in his previous formal fashion Instead of writing their names in his book he described them more briefly as "stranger," "lady," "whiskers," "friend," or "boy."—J. Ban on School Garage Lifted Zoning Board Grants 6 Appeals

The Lower Merion School District learned last week that it can go ahead with plans to erect a garage on the high school grounds.

The School District appealed to the Board of Adjustment in June, after being refused a prmite by the Lower Merion Township building superintendent. The appeal was held under advisement until last week's meeting, when the School District was told it comes under the jurisdiction of the Commonwealth, according to Pennsylvania law. Therefore, township zoning ordinances do not apply, Evan James, township secretary, explained.

Permission was granted by the Board to Sidney Swartz, under a special exception to Section 502 of the Zoning Ordinance, to construct a single family dwelling at 146 Union Ave., Bala. Because the property is located in an R-3 residence district, the ordinance requires that the lot contain 6000 square feet. Swartz was permitted to begin construction on a dwelling, although his lot measures only approximately 5350 square feet.

An appeal by Nicholas T. Gordon, from a ruling by the Superintendent of Building Inspections, was granted. Gordon will alter the lawn on the premises at 465 Merion Rd. to a depth of ten feet, instead of the forty required by section 404 of the Zoning Ordinance.

Charles H. Williams, 145 Old Gulph Rd., was granted permission to change the depth of his front yard from the 50 feet required by section 304 of the Zoning Ordinance to 35 feet as shown on his plans.

Charles A. Bianchi and Joseph W. Mulholland were granted special exceptions, to erect two single family dwellings at 131 and 133 Crosshill Rd., Ardmore, on lots approximately 4550 square feet each, instead of the 5000 feet required by the zoning ordinance.

The appeal of Walter K. Durham against a ruling by the superintendent of building inspection was granted. Durham will go ahead with the construction of a two-story shop and storage building at 124 Sibley Ave., Ardmore, and special exceptions were granted so that he can dispense with the rear yard demanded by the Zoning Ordinance, go ahead with plans to use the first floor for business purposes and use his front yard for off-street parking.

Y. M. C. A. NOTES

Model airplane making has reached a high point of interest in the summer activities of Camp Main Line at the Main Line YMCA. P-40's, Taylor Cubs, Piper Cubs and racer models are among those which will be entered in the contest on Friday morning when boys will bring all completed models to be judged for the best craftsmanship.

In the Cadet Baseball League the Ardmore A's will play a team from Rosemont Playground on next Monday morning, and on Tuesday Camp Main Line will play a team from Gladwyne. Friday morning the group will visit historic Valley Forge.

Next Monday the Penn Wynne and Villanova baseball teams in the Junior League will go to Pioneer Camp, the YMCA camp near Downingtown, for an overnight trip, swims, a triple-header in games and many other activities during the two days there. Camp Main Line members will go to Pioneer Camp on next Wednesday and return on Thursday.

✦ ✦ ✦

Young adults of the Y will join others from various parts of Philadelphia and vicinity on the weekend at the YMCA Avalon Lodge, at Avalon, New Jersey. August Wagner, of Ardmore, is chairman of the group. Among those planning on the outing are Courtland Kanzinger, William Fasick, Richard Wentworth, Virginia Johnson, Lorraine Crews, Jean Awkerman, Leanna Chase, Jacqueline Spahr and Elsie Freimuth. Mr. and Mrs. George K. Rogers and son, David, of Ardmore, returned Sunday after spending a week at Avalon Lodge.

✦ ✦ ✦

Teen Agers, boys and girls, will have a weiner roast at Gladwyne Park on Saturday evening. Games, food contests and music will be on the schedule for the evening. Eugene Hughes, Ed Horn and James Cairns will be in charge of arrangements.

✦ ✦ ✦

The playground adjoining Mt. Pleasant School is a busy place lately. An evening program and recreational activities is under the direction of Stephen Gettys on Monday, Wednesday and Friday evenings, from 6 P. M. until dark. A senior and junior baseball team are being reorganized and a girls' softball team is getting started.

Other activities are volleyball, badminton, quoits and group games. Assisting in the evening program are Betsy Plummer and Sandra Walker. A special feature this week will be movies shown out of doors as soon as it is dark for the community on Friday evening. In the morning hours about 25 boys and girls from four to 11 years of age have a more extensive program under the direction of Mrs. Lillian Holliday. Besides games, they have handcrafts, story telling, the popular sandbox and swings. Katherine Holliday and Margaret Deans are assisting in this program.

This six weeks' summer activity is being sponsored and operated by a committee from Valley Friends Meeting, local citizens, Neighborhood League and the Main Line YMCA. Members of the committee are Mrs. F. A. McCord, Mrs. J. Barclay Jones, Mrs. William Plummer, Jr., Wesley Holmes, Mrs. Anna Smith, Mrs. Lillian Holliday, Mrs. Harry Hall, Mrs. Thomas Williams, Miss Florence Bayes, Miss Elizabeth Eckert, Jules Prevost, Mrs. J. E. Bertles and Mrs. H. Rowland Weaver.

SAILOR INJURED IN HEAD-ON COLLISION

Myron N. Anderson, 20, a sailor aborad the U. S. S. Wilkes-Barre, was injured Saturday when his motorcycle crashed head-on into the car driven by John W. Callaghan, 16, of 10 Merion ave., Merion.

Anderson, a water tender aboard the cruiser, which is now docked at the Philadelphia Navay Yard, was treated at Bryn Mawr Hospital for abrasions, contusions and lacerations. He was removed to the Naval Hospital.

According to Lower Merion Township police, Anderson while driving east on Lancaster Ave., about 2.30 P. M., attempted to turn left into Church Road. He collided with Callaghan's car and was thrown over the hood of the car, landing on the sidewalk.

WARNING ISSUED BY L. M. BOARD OF HEALTH

Residents of Lower Merion Township and surrounding communities were warned this week to take two precautions before visiting foreign countries or areas of poor hygiene in the United States during vacations.

The warning, issued by the Board of Health of Lower Merion, stated that vacuination against smallpox should be secured regardless of previous vaccination and the full three doses of anti-typhoid vaccine should be taken if previously innoculated within two or three years.

Robert J. Thomas, Health Officer of the Township, added that if previous anti-typhoid innoculation was taken less than two years ago, a single booster injection would be adequate.

Rd. to City Line we have 35 single homes and two semi-detached homes. The semi-detached are of a type which sells today for $18,000. We naturally want to protect property of this type from deteriorating."

Thorington said that these were, properly, matters to be taken up at the public hearing.

Shinehouse rose again to ask the support of the commissioners in a hearing which the Philadelphia Suburban Transportation Company will have, before the P. U. C., this month.

The bus company is asking for a change of schedule, to run a turnback loop for buses out of 69th St. The proposed route would run out Rock Glen Rd., a 24-foot macadam road, from City Line, loop into Edgevale Rd. and thence back to Haverford Rd.

"You can imagine the havoc, and the traffic menace, caused by these busses on a 24-foot road," he said. "The congestion would be terrible, and very soon the houses on this street would become undesirable. We feel that this matter should not go by default to the Transportation Company. This service will be solely for the benefit of people outside the township and the county, and residents have filed protest, hoping the commissioners will back them at the hearing before the Pennsylvania Utilities Commission."

It's better to think as other folks think and do as other folks do, but what is the fun in that.

NEW FANGLED THINGS:

Building Inspector Rules Permit Is Needed for Television Antenna

Owners of the television sets in Lower Merion must have a building permit to erect the necessary antennae above their homes.

This decision was made by Jesse L. Stetler, superintendent of the Building Regulations Department. Said Statler, 'Radio antenna can be erected without a building permit, because we let this slip by, in the days when it was just beginning. But we're going to keep a check on television, and see what kind of contraptions are raised on the buildings, for the protection of the homes and the communities. You can't tell about this television—it may turn out to be a very big thing. If it does, we're going to be in a position to keep track of the types and the extent of the antennae.

Th antennae cost about $50 to erect, Statler added. Thirteen permits, costing :1 each, were issued during the month of July.

Among the other permits issued for the month were two to Walter Annenberg, publisher of the Philadelphia Inquirer. One was for a swimming pool, costing $7,200, and the other for a bathhouse costing $4,000. Annenterg lives on Llanfair Rd., Ardmore.

Ten business buildings scattered throughout the Township underwent alterations, at an estimated cost of $97,100. Fifteen permits were issued to build 22 houses in Lower Merion for an estimated $362,500. Thirty-eight homes in the area installed oil-burning equipment and seven permits were issued to erect eight signs here.

A total of 170 permits were issued during July, with the costs of building, repairs and alterations totalling $604,662.

TWO WORKMEN INJURED ON MONTGOMERY PIKE

William H. Jones, Jr., of 630 Dayton Road, Bryn Mawr, and Benjamin C. Allen, 52, Panmure Road, Haverford, laborers for the Philadelphia Suburban Water Company, were injured Saturday while working on repairs to a Montgomery Ave. water main.

According to Lower Merion Township police, the men were struck by a car of James E. Sanborn, 2011 N. 61st St., Philadelphia. He was attempting to pass the water company's project at Grays Lane and Montgomery Ave., Haverford. They were treated by Dr. James L. Shoemaker, of Bryn Mawr, for bruises about the legs. No charge was lodged against the driver.

PENFIELD WOMAN INJURED IN TWO-CAR CRASH

Two persons were injured Saturday morning, when the cars they were driving collided at Stewart and Wycombe Ave., Lansdowne.

Mrs. Mina Farley, 35, of 1015 Crest Road, Penfield Downs, was treated at Delaware County Hospital for head injuries. William Lindsay, 33, of 511 East Broadway, Clifton Heights, was treated for cuts of the head.

L. M. Police Win 2 Loop Matches

Lower Merion Police pistol team won two matches in the Eastern Police Revolver League over the Penn Valley range last week-end, taking the .22-caliber event with a 1143 total and the .38-caliber test with a 288 card.

Top marksmen among the Lower Merionites were Sergeant Frank Flynn, Lance Hatnaway, Brady Utz and Tom Lance.

SMOKE FROM CELLAR FIRE DRIVES FAMILY FROM HOME

Damage estimated at $500 was caused by a fire Tuesday night at the home of James McGarvey, 637 Dayton Rd., Bryn Mawr.

McGarvey, his wife, Margaret, and their two children, Mary, 3, and James, Jr., 1, were driven from the house by the smoke. The fire companies of Bryn Mawr, Brookline and Oakmont extinguished the blaze, which was confined to the cellar. Firemen said it apparently began when a coal-burning hot-water heater became overheated.

MAIN LINE MEN CITED AT COMPANY BANQUET

Three Main Line men were honored at a banquet held August 5 by the Supplee-Wills-Jones Milk Company for operating company vehicles from 10 to 16 years without accident.

They were: Joseph J. Boyle, of 529 Old Buck Lane, Haverford, 16 years; Ernest Knight, of 849 Delmont Drive, Wynnewood, 15 years, and William A. Scith, of 319 Woodbine Ave., Narberth, 16 years.

STUDENTS SIGN UP FOR LAFAYETTE COLLEGE

Students from Narberth, Bala-Cynwyd and Ardmore have signed up for the September term at Lafayette College, according to the dean's list of registration which was released this week.

They are Colin L. Browne, 229 Wayne Ave., and Jack B. Middleton, 5 Shirley Rd., both of Narberth; George L. Buckley, 26 Overhill Rd., and Daniel M. Poore, both of Bala-Cynwyd, and A. Roy Grover, 2904 Rising Sun Rd., and W. D. Wells, both of Ardmore.

People go to far places for vacation only to find that they cannot leave themselves behind.—R.R.U.

KIWANIANS TO TOUR P. E. CONOWINGO PLANT

Members of the Main Line Kiwanis Club will visit the Conowingo plant of the Philadelphia Electric Company on August 12.

They will meet at the Conestoga Mill, Bryn Mawr, at 2 P. M., and will be entertained at cocktails by the superintendent on arrival at the Maryland plant, prior to the inspection tour. Afterward, a country dinner will be served.

PRUNING HELPS WISTERIA

In pruning wisterias during the summer to improve their flowering habits, cut away most of each thin young shoot, leaving the main stems intact.

Another garden reminder from County Agent Jos. S. Oberle. By late July stop pinching outdoor chrysanthemums. Feed the plants complete fertilizer, and water them early enough in the day to permit the foliage to dry before night.

Peonies need a low-nitrogen, high-potash fertilizer, and sufficient water. Seed pods should be removed. Draining or filling holes in tree trunks eliminates breeding places of "purkies" and mosquitoes.

trim for the many tournaments in which she participates.

"I'm still nervous when I shoot," she admits; "but on the other hand, if you don't worry about the bird, you won't get him."

Weather Doesn't Matter

Skeet shooting requires all kinds of paraphernalia, plus different gauge guns for many events, so the Lafores usually drive when they trek across country to the various tournaments.

"Rain never deters shooting," explains Peg Lafore, "so we have to lug along wet weather equipment as well as other clothes. Many times I have shot in a downpour and been simply soaked. But the tournament goes merrily on."

Peg Lafore's skeet shooting helmet allows little of her red-gold hair to show, while her friendly blue eyes are somewhat obscured by the goggles she wears to protect them from flying pieces of target.

In May the Lafores participated in the Sea Island Invitation Tournament at Sea Island, where Mrs. Lafore won third place. She was runner-up at the North and South Tournament at Washington, D. C., this year, having won first place there last year.

At the Pennsylvania State Tournament held at Lancaster in June, she hit 95 out of 100 targets to win the State Championship. Also in June was the Great Eastern Skeet Championship at Lordship, Conn., where she shot 96 out of 100 to become its runner-up for women the second time.

Peg Lafore likes to use a Remington automatic shotgun, although both Lafores can shoot equally well with any of the guns that repose in the gun rack in their library.

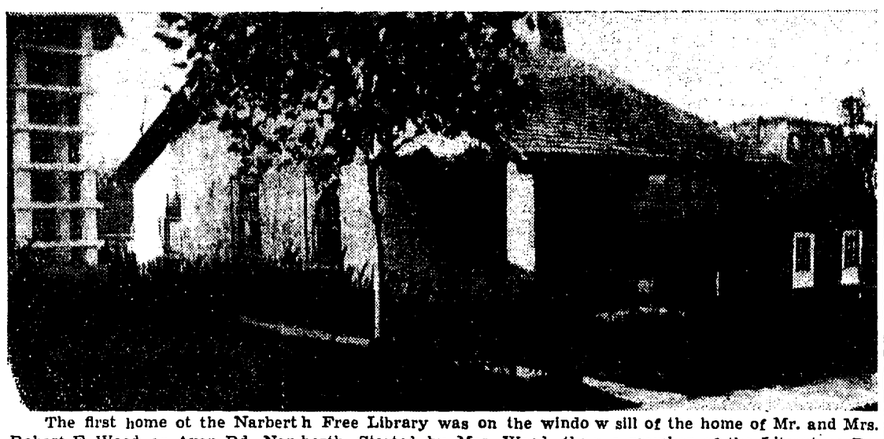
ganized each year during the summer months for youngsters in the first to sixth grammar school grades. Approximately 15 to 20 youngsters are actively participating in the club this year which was started in July and slated to run six weeks.

The board of directors of the Library includes: Dr. Alan H. Chester, chairman; Mrs. May T. Drew, Mrs. Robert M. Cameron, Mrs. Robert P. Wetherald, Mrs. Samuel J. McCartney, Henry P. Carr and the Rev. Robert G. Middleton.

Hours of the Library are from 1 to 6 P. M., and from 7 to 9 P.M., Monday through Friday, and 10 A. M. to Noon and 1 to 6 P. M., Saturdays.

Started on the proverbial shoestring in 1920 on the window-sill of the home of Mrs. Elizabeth K. Wood, of Avon Rd., Narberth, the library at that time included the sum total of 18 books which were distributed by Mrs. Horace E. Ruch at a cost of 10 cents per week.



The first home of the Narberth Free Library was on the window sill of the home of Mr. and Mrs. Robert F. Wood, on Avon Rd., Narberth. Started by Mrs. Wood, then a member of the Literature Department of the Women's Community Club, the Library now occupies one entire wing of the Community Building and houses approximately 13,500 books.

The Library was governed by members of the Literature Department of the Women's Community Club of which Mrs. Wood was a member.

Early in 1921, it became apparent to Mrs. Wood, who was responsible for starting the library, that her home was no longer adequate to house the rapidly growing book collection.

Permission to use the lobby of the Y. M. C. A. building at Haverford and Forrest Aves., was obtained through the co-operation of Augustus J. Loos, an influential member of the board of trustees of the Y. M. C. A., and the grand opening took place June 17, 1921. At that time, library hours were Friday afternoons and evenings only.

The Juvenile department was added in October, 1921, and was made absolutely free, apportioning to the purchase of children's books the entire rental income for one "library day" a month, in effect, 25 percent of the total income. The reference department was created in 1922.

Severing connections with the Literature Department of the Women's Club in 1925 in order to make the library a thoroughly community organization, the library came under the jurisdiction of the Narberth Community Library Association.

The third and final move of the Library came in that same year to its present location in the Community building and was under the direction of Miss Mary B. Church, first full-time librarian.

Dell Season to Close Thursday

An all-orchestral request program featuring the 90-piece Robin Hood Dell Orchestra under the leadership of Dimitri Mitropoulos, brought the 1947 series of Dell concerts to a close Thursday evening, August 7. The program consisted of two Symphonies—Brahms' First, in C minor, and Rachmaninoff's Second, in E minor—a pair of magnificent and powerful creations, glorious in their beauty and tonal grandeur.

This season, the Dell's 18th, provided a calendar of 28 concerts. Of these 20 were under the supervision of Mitropoulos, now completing his third summer as the Dell's artistic director and conducter-in-chief. The renowned Greek-American maestro, after his vacation, will return to head the Minneapolis Symphony Orchestra, of which he has been conductor since 1937. He will be back in Philadelphia in December as guest-conductor of the Philadelphia Orchestra and next summer again will be at the Dell to lead most of the concerts.

This year's guest-conductors included Vladimir Golschmann, Sigmund Romberg, Morton Gould, Daniel Saidenberg, Robert Zeller, and Yves Chardon, the last the assistant conductor of Mitropoulos both in Minneapolis and at the Dell. Of the 28 concerts listed, 21 were featured by soloists or other special attractions, including the splendidly successful concert-performance of Puccini's "Madame Butterfly," with Mitropoulos on the podium.

TWO MAIN LINERS CITED FOR BIKINI ATOLL WORK

Two Main Line men are among the 141 military and civilian Navy personnel attached to Joint Task Force One who have been awarded medals, letters of commendation and letters of appreciation by the Navy Department for service during the atomic bomb tests at Bikini Atoll.

Rear Admiral Clifton A. F. Sprague, U. S. N., 432 Montgomery Ave., Haverford, received a Gold Star in lieu of a fourth Legion of Merit, and Commander George Vaux, USNR, "The Thicket," Gulph Rd., Bryn Mawr, received a Letter of Commendation with ribbon.

USE BLACKBERRIES FOR VARIETY IN DESSERTS

Fresh ripe blackberries have a delicious flavor all their own that may be captured in an interesting variety of summer desserts, reminds Miss Mayme Lovelace, home economics extension representative of Chester County.

Chilled, sugared blackberries combine well with sliced fresh peaches in a fruit cup. Blackberry cobbler, served with cream, is an old favorite, and a steamed blackberry pudding makes a simple meal into a party.

Blackberries contain enough pectin to make perfect jelly if part of the berries used are underripe. Use two-thirds as much sugar as extracted blackberry cake. Here's the recipe:

- ½ cup butter
- 1 cup sugar
- 2 eggs
- ½ cup sour cream
- 1¾ cups sifted all-purpose flour
- 1 tsp. baking powder
- ½ tsp. soda
- ½ tsp. each of nutmeg, cinnamon and allspice
- 1 tablespoon cocoa
- ¾ cup fresh or canned (drained) blackberries

Cream butter and sugar, add whole eggs, and beat well. Add sifted dry ingredients alternately with sour cream. Stir well and fold in whole berries. Bake in a moderate oven (350 F.) about 40 minutes. This cake may be baked in layers, a square pan, or as cup cakes. Frost with caramel or seafoam icing or serve with any simple pudding sauce.

Know Your State

RURAL PROSPERITY

Pennsylvania is today at the highest point of industrial production ever witnessed in a peacetime year. That the State's agriculture is also at a peacetime level never attained before is equally evident to those who travel along our highways and see on every hand the evidences of an unparalleled rural prosperity. Although Pennsylvania is not large in area as compared with some of the great agricultural States in the West, its farmers have long been noted for their progressive methods of agriculture and for a high yield in the many of its crops on which they concentrate their production.

Recent data from the 1945 Census of Agriculture show that the State's farmers have been purchasing late model motor trucks at a rate that is surpassed only in two other States in the Union—Illinois and Texas. 21.1% of all the motor trucks reported on Pennsylvania farms have been bought since 1940, as compared with 16.6% in New York State; 15.5% in California; 12.8% in Wisconsin, and 19.8% in the great wheat State of Kansas. In actual number of trucks, of 1942 model or later, Pennsylvania farms also stand third in the nation.

Agriculture has been the fundamental industry of every enduring civilization. On its prosperity depends our release from the age-old fear of hunger which has haunted mankind since the dawn of history. Within our State, the records of the Department of Public Assistance show that it is the counties with a prosperous agriculture and a diversified industry which have always been most free from the consequences of depression.

Manoa Claims 2d Place As Hillers Lengthen Lead; Lions Win 5th Straight

By HARRY ELLSWORTH

Drexel Hill and Wayne widened their leads in the Eastern and Western Divisions of the Main Line League last week-end, as the loop race entered the stretch drive leading to the play-offs.

The Hillers bludgeoned Norristown and gained a forfeit win over West Chester to gain a full game lead in the Eastern half of the circuit. Manoa climbed over Narberth into second place by winning a pair of contests, while the defending champs were splitting two games.

Wayne's margin grew to one and a half games as Berwyn lost wild contests to West Manayunk and Manoa. The I.A.C. nine, meanwhile, split, losing to Manoa and stopping Narberth.

Drexel Hill can gain a definite advantage over Manoa and Narberth this week-end. On Saturday, Joey Irwin's lads play Ardmore, winner of five straight games, on the Lion's field. Al Mueller and Eddie Hare have the Lions playing their best ball of the season and, if Pitcher Franny Burt is right, should give Drexel Hill a rough time.

On Sunday, Drexel Hill plays its final game at home, entertaining Wayne in the feature contest of the week-end. Wayne will probably throw Lou Houtz at the Hillers, while Gene Conway may pitch for the home club. Houtz, a Swarthmore College lad, silenced Narberth with one hit on Sunday as Wayne won, 4-0. Allie Shuckman's single in the fifth inning was the only bingle garnered off the Wayne hurler.

Conway, meanwhile, leads the Main Line League in pitching with six wins and no defeats, and teams up with lefty Jack Creany (5-0) to form one of the best 1-2 mound punches in the league.

Manoa, playing heads-up ball and led by Gil Gekoski, slugging catcher, plays last-place West Manayunk away on Saturday, returning home on Sunday to entertain Chet Zercher's West Chester nine. Nick DeFranks, who tossed a one-hitter against Berwyn on Sunday to chalk up his fourth win of the year, will undoubtedly see action for Frank Matthew's team. Ollie Harpster, recent winner over Wayne, will probably pitch the other contest.

Narberth, hitting terrors of the league at the start of the season, can't seem to hit behind capable pitching. Davidson stopped Collegeville for the eighth win of the year, but Stu Lare, making his first start for Narberth, pitched seven-hit ball only to lose to Houtz' one-hitter.

The Boroughites meet Gladwyne at home on Sunday and will probably face the Gladwyne's sensational young right-hander, Buddy Charles. Sunday is slated as an open date for the Davismen.

Out in the west, Wayne plays host to its nearest rival, Berwyn, on Saturday, and can take a firm grasp on first place if it can stop the sliding Pirates. Harry Dessert will probably seek his seventh win against Berwyn. Sunday, Wayne plays at Drexel Hill.

Berwyn, loser of four straight games, entertains Ardmore on Sunday following the Wayne scuffle. Cogan or Ted Dawson will pitch for the Pirates, who are attempting to regain the early season form that led them to the top of the Western Division.

The remaining Saturday games finds Norristown and West Chester, currently tied for third place in the Western Division, fighting it out at West Chester. A playoff berth may be in the offing for the winner, since the top three teams in each division will enter the playoffs.

In Sunday's final two contests, West Manayunk and Collegeville, the two last place occupants, meet at Superior Field, in Collegeville. The Sups are still in their losing ways, having lost 16 in a row. Norristown, with Ken Watters on the mound, will play Gladwyne at Gladwyne on Sunday.

Nick DeFranks, of Manoa, and Lou Houtz, of Wayne, fashioned one-hitters on Sunday to join the ranks of Joe Golden, of Norristown, and Ted Dawson, of Berwyn. Houts' single bingle effort was the second thrown at defending champion Narberth this year.

Idle in league play this week-end, Narberth will meet Philadelphia Royal Giants at Narberth, Sunday. The Giants are one of the hottest Negro aggregations in these parts and feature several college and high school stars.

Ace Bell, Wayne's second baseman, who was suspended from last week's games because of his run-in with umpires at Ardmore two weeks ago, will be back in the Wayne lineup come Saturday.

'CATS MEET MIAMI

Villanova will play the University of Miami football team in Shibe Park for the second straight season on Oct. 3, according to Miami's 1947 football schedule, just released. Villanova lost a thriller to Miami here last season despite Freshman Bob Polidor's 103-yard touchdown run after a kickoff.

By JACK FORD

Our association with boats always has been purely academic. Oh, we occasionally sailed boats in the bath tub as a little 'un, or paddled a canoe on the Perkiomen or even ventured out in a rowboat at a Woodside Park lake.

But it appears that more than a few Main Liners are a bit on the nautical side. The gazettes almost weekly detail daring feats of these local lads, who breeze home ahead of the pack in seashore sailboat races.

Perhaps the most prominent of these Main Line residents is George J. Mehl, of Narberth. Mehl, skippering the Comtesse, has been dominating the Stone Harbor picture all season.

One account related last week that Mehl "...added another to his long list of victories when he sailed the Comtesse, crewed by Bob Koelle of Germantown, over a six and one-half mile course in 1.10.40 to finish first in the third of Stone Harbor's junior series for the Stearn's Memorial Bowl."

Two days later, Mehl piloted the Comtesse to victory in another Stone Harbor race, covering the six miles in 1.25.05. The time, although a bit off his previous performance, enabled him to win the Division A event in the Yacht Club of Stone Harbor's summer series. Pete Pain, of Drexel Hill, again was runnerup in his Toy Yot II.

While Mehl was making merry at Stone Harbor, a Bala-Cynwyd skipper, Larry Edson, was breeging to triumph at Beach Haven. Edson sailed the Fathers Folly over a seven-mile course in 1.41.21 to take the lightning class race at Little Egg Harbor Yacht Club.

The same afternoon, Charles Conlan, of Ardmore, captured the E sloop race at Little Egg Harbor Yacht Club. That was a 12-mile course over churning seas. And Jim Holt, Harvard student from Bala-Cynwyd, made it an all-Main Line sweep by scoring his fourth straight victory in the comet class, even though his failure to hear the starting gun cost him two minutes.

A bit farther up the pike, Jimmy Draper, 13-year-old Radnor High student, won the junior race at Spray Beach Yacht Club in 1.27. Draper, who lives in Wayne, had a five-second margin over Franz Schneider, Jay Cooke Junior High student.

It appears, then, that landbound Main Liners have a monopoly on sailing honors. Yo, ho, ho and a bottle of bay rum! as the feller says. May they continue to sail home with bigger and better trophies.

Sullivan Joins All-Star Eleven

Bill Sullivan, Villanova football captain and ace end last season, has accepted an invitation to play for the Eastern College All-Stars against the New York Giants in the New York Herald-Tribune Fresh Air Fund football game at the Polo Grounds, Sept. 3.

Sullivan, former Abington High athlete, will join Doc Blanchard, Glenn Davis and other stars from 20 Eastern colleges at the Bear Mountain training camp on Aug. 17.

The Villanovan attracted considerable attention even as a schoolboy before the war while playing for Abington and for Pennington Prep and New York Military Academy. At NYMA, he was voted the school's outstanding athlete. There he was coached by Ray Stoviak, former Villanova athlete, who, like Sullivan, played under Slipper Smith at Villanova.

FONTY FLOCK ENTERS RACES AT LANGHORNE

Fonty Flock, the nation's leading stock car driver this season, has entered the 200-mile national championship race which will be staged at Babcock's Langhorne Speedway next Sunday.

Flock, who drives out of Atlanta, Ga., heads the field in point standing. He has won three of five major events, getting the checkered flag at North Wilkesboro, N. C., at Charlotte, N. C., and at Trenton, N. J.

Merion 29 Plays Penn Wynne for Cub Scout Title

The McAlaine brothers, Paul and Bob, pitched Penn Wynne Pack 18 to an unexpectedly easy 18-5 triumph over Narberth 212 in a Cub Scout League game played last week.

In other games, Penn Wynne Pack 155 upset Ardmore 74, 10 to 6, as Barry Van Dyke starred for the winners, and Merion Pack 29 trounced Ardmore 36 by 11-3. Fitzgerald turned in a one-hitter in defeating Ardmore.

The league champion probably will be decided tonight when Penn Wynne 33 meets Merion 29 on the Penn Wynne field. Merion has won seven games and tied one, while Penn Wynne has won seven and lost another.

Juniata Mohawks, of the Sandlot Sports Association, dropped two games to picked Penn Wynne teams from the Cub Scout League last week, 15-3 and 7-3. Bill Shaw hit a double with the bases loaded in the second game for Penn Wynne. Fancue pitched both games for the locals.

St. Margaret's in Montdel Top Spot

In a late reversal of form the St. Margaret's team, of Narberth, which won the league title last year, surged into the leadership of the Montdel League while the Good Counsel nine, of Bryn Mawr, continued its backward course by dropping two of three games scheduled for the past week.

Bob Tabor had one of his red-hot nights Friday as he pitched St. Margaret's to a 5-1 decision over Good Counsel, at Narberth. Tabor halted the Bryn Mawr club with three hits, while his mates collected ten off Joe McDermott. Five singles in a row in the third, good for two runs, were enough to give the borough clan the victory.
